***piVot²* FOUNDER IRENE BYRNE OHL JOINS
STUDIO SCHOOL OF DESIGN ADVISORY COMMITTEE**

Larchmont, NY - Today *piVot²* (*p²*), the leading entertainment industry design/build sector's heart-hunting recruiter, announced the addition of **Founder Irene Byrne Ohl** to the **Studio School of Design's** inaugural Design Advisory Committee.

Studio School of Design, founded by **Mark Stanley and Clifton Taylor**, is a "21st Century forward learning community" where experiential learning is embedded into a curriculum of design storytelling and is facilitated by experienced and diverse professional faculty. The SSD community is invested in creating an inclusive and multicultural learning environment dedicated to exploring the telling of diverse and inclusive human stories through the medium of light.

As a member of the design advisory committee, Ohl will support the work of establishing the Studio School of Design to create a diverse community of students and professionals that will broaden the opportunities for quality training in a multifaceted career in Lighting Design. Additionally Ohl will support the school by reporting hiring trends, desired industry skillsets and supporting students with brand building. ***piVot²* Founder | CE Irene Byrne Ohl** stated, "The Studio School of Design will provide the industry with a broad bridge of course offerings to accelerate emerging professional's career paths and networks. This dovetails with our mission to strengthen students and emerging professionals with brand and network building."
